Dedication

Mr. Moffett, the class of 1956 dedicates the 1956 volume of the Scottie to you. After graduating from Monaca High School, and Bethany College you came to Scottdale, in September of 1946. As a member of the faculty you taught Mathematics and as a part of our coaching staff you were head coach of Basketball and Track and Ass't Football coach.

In teaching your classes you applied your vast knowledge of Mathematics to us in a way that made it quite easy to understand: All the students you taught will surely agree that you made better students out of them in a way that was enjoyable and very helpful.

In the athletic department you set records that will be very hard to, if ever, equalled. In Basketball you won Section Titles twice. As Track coach you were a standout in Class B Circles. Your fine teams won the Class B Championship 6 times. With this as evidence of your ability we salute you as one of finest coaches Scottdale had ever had.

Upon retirement from our school Mr. Moffett, the Class of 1956 extends their best wishes for you and your family.

SCOTTDALE JOINT HIGH SCHOOL
C.C. & E.E. COMPTON - ARCHITECTS

Dr. Clinton M. Puff, our superintendent of schools, is a constructive and oggressive leader in education. The record of his administration is impressive. Since he came to Scottdale in 1942 the community school system has moved steadily ahead keeping abreast of modern educational trends.

The building program has been of major interest in his planning because extension of educational facilities depended on adequate housing. Approval and financial assistance from the State Department of Public Instruction hinged on jointure of Everson and Upper Tyrone with Scottdale. To the accomplishment of this jointure Dr. Puff gave three years of concentrated and tireless effort and to no one more than he belongs the credit for its successful completion in July, 1953.

As the Scottie of the Class of 1956 goes to press, official announcement has been made that bids have been approved and contracts awarded for a new junior-senior high school which will cost approximately one and one-half million dollars. Dr. Puff with the authorization and cooperative planning of the School Board laid the ground work and furnished the leadership which has made this building a reality.

Dr. Puff believes that the most important aim of education is training of children in citizenship and therefore as an administrator he is duty bound to make possible whatever will promote that goal. The entire record of his superintendency in Scottdale testifies that he has put that theory into constant practice. He himself has furnished an example of citizenship both in his administration of the schools, which has been an open book, and in the fulfillment of his duties and obligations as a citizen of Scottdale.

The Class of 1956 express appreciation to Superintendent Puff for the contribution that he has made to their education in the joint school system of Scottdale. They congratulate him on his achievements and wish him many more years of educational service in Scottdale.

A Message to the Class of 1956

All of your lives, up to now, you have been the recipients of intellectual knowledge. Out of the helplessness of childhood, out of the ungainliness of youth, you have emerged into the stature of men and women.

It now becomes your duty and privilege to take your place in society, a society which welcomes you. For in these trying years of uncertainty a new voice may be heard that will give strength and sustenance to a troubled era—it may be yours.

As you enter into this new phase of your life, go with our blessing and the assurance that we have faith in you

Student Council

The school year of 1955-56 has given the students of S.J.H.S. the privilege of a voice in one of the governing bodies of the school, namely **STUDENT COUNCIL.** This organization's chief purpose is to discuss any rules, problems, events, or situations of the student body which may arise and take action on issues if desirable.

A student is automatically entitled to become a member of Student Council if he is chosen, by his classmates, to serve as a class officer, a homeroom president, or as a permanent member of Student Council. When elected as a permanent member, he may serve on the council for the remaining year or years of his high school life.

Officers of the council are elected by the council members and serve for the full term of the school year. This year, with Mr. John W. Wilson serving as sponsor, officers were elected as follows: PRESIDENT: Harold Davis, VICE-PRESIDENT: Branson Roberts, SECRETARY: Dorothy Kimball, and TREASURER: Martha Lee Rhodes. The entire membership consists of 32 students.

Some of the accomplishments of this year were the selling of candy at pep meetings during football season, decorating the halls and tree for Christmas, presenting the morning exercises during this season over the public address system, and sponsoring a contest to encourage neat and artistic decorations in each homeroom. Two representatives from our council, Harold Davis and Joe Maloy, attended the Southwestern District Conference of Student Councils, the purpose of this being the desire to improve our organization. An assembly at the Strand Theater was arranged by the group and an exchange assembly with Uniontown High School was undertaken.

This year's Student Council was active and successful in its handling of the needs of the student body.

Scottie Revue

Under the sponsorship and guidance of Miss Virginia Miner and Mrs. Rosemary Richard, the members of the Scottie Revue Staff for the year 1955-56 endeavored to present an interesting and informative school paper each month. Sports events, the crowning of the Gridiron Queen, club activities, and the annual senior popularity poll were among the many articles which appeared in the Scottie Revue. An enlightening feature of the paper was an article concerning the new Scottdale Joint High School, which is under construction. A senior personality was selected each month.

Early in the year, a group of staff members including the editor and co-editor attended the School Press Convention in Uniontown and discovered many new ways in which to present the articles in the school paper.

COLORS: YELLOW AND CHARCOAL

FLOWER: YELLOW ROSE

MOTTO: Climb high, climb far,
Your goal the sky,
Your aim the star.

SONG: Now we are leaving Scottdale High,
The days of school have all passed by,
We'll have these school days to remember.
Our classmates true, our teachers too,
The friends we've made the four years through,
Our Alma Mater we'll remember.
Though childhood turns to manhood,
And our youth will disappear,
We'll cherish all the memories,
Of all these happy years.
We'll treasure thoughts of blue and white,
And let them be our guiding light,
And future years tc God surrender.

Jim Moural
